1. Subaru Australia reserves the right to change mechanical specification and equipment levels without notice. 2. Figure based on combined average city and highway cycle test under Australian Design Rule (ADR) 81/02. Range figure is based on laboratory test results only using standardised testing conditions which measure fuel consumption, energy consumption, and carbon emission (as applicable). Real world results may vary based on individual driving circumstances e.g., traffic conditions, driving style, vehicle modifications, fuel quality, climatic conditions, etc. Quoted figures may not reflect real world fuel consumption, energy consumption, and carbon emission. 3. Charging times will vary depending on a variety of factors including, but not limited to, the output of the charger being used, starting battery charge, charging equipment, ambient temperature, battery state as well as the age of the battery at point of use. As a result of these factors, charging times may therefore vary significantly. Before charging your Subaru at home, consult with a licensed electrician to ensure your home electrical system can support the charging of your vehicle.

## Smart Home Charging. Powering Your Drive.<sup>6</sup>

Installing a Home EV Charger is the fastest way to charge<sup>7</sup> your Subaru Trailseeker at home, and with the Ocular LTE. Plus, you'll be sure to be charged every morning with a Smart Home EV Charging Station. You can monitor your energy use with your home charger in real time via the *Bluetooth*<sup>8</sup> Smartphone App. You can also review your energy trends and determine a charging schedule that aligns with off-peak periods or solar.

1. Subaru Australia reserves the right to change mechanical specification and equipment levels without notice. 2. Every new Subaru comes with a 5 Year/Unlimited Km warranty period, unless the vehicle is used as a hire car, taxi, ride share, rental, driving school, delivery or courier vehicle in which case the warranty period is 5 Year/150,000 Km (whichever occurs first). For full warranty terms and conditions, visit [www.subaru.com.au/owners/warranty](http://www.subaru.com.au/owners/warranty). 3. The Subaru New Vehicle Warranty period on high voltage batteries for Subaru Electric vehicles is 8 years/160,000 kms, whichever comes first. 4. Every eligible Model Year (MY26) onward Subaru (Trailseeker) comes with Subaru's 5 Year/75,000 Km Capped Price Servicing Program. Available at participating Subaru Retailers only and does not apply to rental and some other classes of vehicles. For full Capped Price Servicing Terms and Conditions, visit [www.subaru.com.au/service/pricing/capped-price-servicing](http://www.subaru.com.au/service/pricing/capped-price-servicing). 5. 12 month Club Membership and Roadside Assistance Offer is standard upon activation with the relevant Motoring Club in each state. To receive this benefit the customer must opt into the 12 month Club Membership and Roadside Assistance Offer at time of vehicle delivery. Eligible customers are those retail and novated lease customers who purchase a new Subaru and have less than 5 vehicles under the Club Membership offer. Customers must provide a valid phone number and residential address, as well as date of birth. Fleet, Government and Rental companies are excluded. Terms and conditions apply. For more information, visit [www.subaru.com.au/roadside-assistance-program](http://www.subaru.com.au/roadside-assistance-program). 6. EVSE Australia, Subaru Australia's EV charging partner, manages all aspects of the installation, supply and maintenance of EV Home Chargers. 7. Charging times will vary depending on a variety of factors including, but not limited to, the output of the charger being used, starting battery charge, charging equipment, ambient temperature, battery state as well as the age of the battery at point of use. As a result of these factors, charging times may therefore vary significantly. Before charging your Subaru at home, consult with a licensed electrician to ensure your home electrical system can support the charging of your car. 8. *Bluetooth*<sup>®</sup> is a registered trademark of Bluetooth SIG Inc. System operation ability is subject to the *Bluetooth*<sup>®</sup> wireless technology specification of individual's phone.
